Greetings,

Our nonprofit bass trail consists of tournaments throughout New England in MA, NH, and ME. We recently re named our trail and we are in our 27<sup>th</sup> year. The trail is run by a board of directors, local & national federation members and numerous volunteers. Bass and pontoon boats are available as well as assistance on the docks and throughout the tournament.

Anglers with disabilities are paired with the boaters for a day of competitive fishing. The partners compete as a team and the team with the largest weight for their 5 fish limit take home first place trophies. Awards are also given for runner up finishes. The anglers can compete in as many events as they like. Lunker prizes are also awarded for the largest bass taken at each tournament.

These family friendly events consist of 1-day long tournament and 2 weekend long events complete with tournament, meals, lodging, awards banquet, product giveaways, and entertainment at no cost to any attendee.
